

## RAGE OF THE STORM IS PLAINLY SHOWN

### HURRICANE ON THE NEW ENGLAND COAST.

Property Worth Many Hundreds of Dollars Washed Away at Summer Resorts Along the Atlantic Seaboard—No Loss of Life is Reported Yet.

New York, Oct. 13.—A veritable hurricane has swept over this section of the country. The wind blew with terrific force, reaching, at Sandy Hook, a velocity of 75 miles an hour Sunday night. The tides rose to a height many feet greater than has been seen for years, and the waves all along the Atlantic coast swept in with a force that carried everything before them, and did damage to the amount of many hundreds of thousands of dollars. Sandy Hook and points along the Jersey coast felt the fury of the storm most of all, but Coney Island experienced, so far as has yet been learned, the worst results. The beaches were swept clean, pavilions were overturned and carried seaward.

At Brighton Beach the stone walks in front of the big hotel were under water and toward the end of the afternoon the famous Seid concert hall was inundated and partially carried away. Innumerable small buildings were simply picked up bodily and carried away by wind or waves. The loss will be \$200,000.

At Far Rockaway, the fury of the gale was indescribable. Those houses which were built on piles in sand were washed away, and those higher up,

## SHERBURNE ROBBER TALKS.

Confesses the Crime and Says He Is Willing to Be Hanged for It.

Fairmont, Minn., Oct. 13.—The second man of the Sherburne bank robbery and murder is now in the hands of the officers of Martin county. When put in the "sweat box" he gave the whole story, but stubbornly refused to tell his name. He was willing to accompany the officers to Martin county to stand trial, and said with a great deal of emphasis that if they wanted to hang him they might do so. He detailed to the officers previous crimes that he and "his partner" had been engaged in before the bank robbery was plotted, and claimed in all of them an equal responsibility. When it came to the Sherburne robbery, he said that his partner got him into it, that he did the shooting, and before they left the bank took all the money and was to meet him at Albert Lea on Oct. 15, and then they would divide. The young desperado gives as his reason for not divulging his name that he has a praying mother and sister of very high connection and repute, and he will never allow them to stand the stigma of such a crime. He is the coolest man in Fairmont, and, while there is great danger of lynching, is cool and collected. The county has called out fifty members of Company D and stationed them inside the jail inclosure. A report was received from Sherburne that a mob was forming there to march to the jail here, but officers declare they will resist an assault and not surrender their man until all are dead, if necessary.

The party came from Roscoe and the Monongahela valley of Pennsylvania, and was made up of citizens representing the various interests of that locality. They were very enthusiastic, and were organized into marching clubs, mostly uniformed.

Minneapolis, Minn., Oct. 13.—William Jennings Bryan came from St. Paul to her sister city Monday afternoon. Mr. Bryan rested in St. Paul all

## ENFORCES THE LAW.

Commission Said to be "Spotted by Indian Criminals."

South McAlester, I. T., Oct. 13.—It is rumored that United States Commissioner David W. Yancey of Tahlequah, in the Cherokee country, has been "spotted" by the society of Indian criminals known as the Ca-Too-Ahs, which has for a long time been the terror of all law-abiding and, especially, law-enforcing people of that country. Commissioner Yancey to-day denied any knowledge of the matter and says he feels certain that the society, the existence of which he doubts, has no member who could justly charge him with improper or excessive prosecution of punishment, which apparently is the cause for complaint. It is believed to have been one of the Ca-Too-Ahs members who assassinated Thomas H. Madden of Bragg Station about six months ago.

## Printers in Convention.

Colorado Springs, Colo., Oct. 13.—One hundred and ninety delegates from all parts of the United States and Canada were present when the forty-third session of the International Typographical Union was called to order Monday by President William B. Prescott. In his biennial address President Prescott said that, in spite of adverse conditions during the past five years, the union was stronger today numerically and financially than ever before in its history. The most important committee to report is the one appointed to investigate the condition of the Childs-Drexel Institute, and to make suggestions as to the course to be pursued for the relief and care of indigent printers.

## A BIG CROWD HEARD J. J. ESCH'S SPEECH

### BELGOT OPERA HOUSE MUCH TOO SMALL.

Four or Five Hundred People Were Turned Away—The Funeral of J. J. Blaisdell Held Today—Many Messages of Condolence Received—Other State Specials.

Beloit, Oct. 13.—[Special]—Never before in the history of Beloit did such a crowd gather to listen to a political speech as that which assembled in the opera house last night. As early as 6:45 o'clock, people began filling the house, and at 7:30 not even standing room was left. Fully twelve hundred persons were packed in the hall, and the police were compelled to turn away between four and five hundred. The protection and sound money sentiment has become so unanimous here that when more speeches are held, arrangements must be made to run an overflow meeting. Hon. J. J. Esch, of La Crosse, was the orator, and delivered a fine address. Music was furnished by the Temple Quartet, of Rockford.

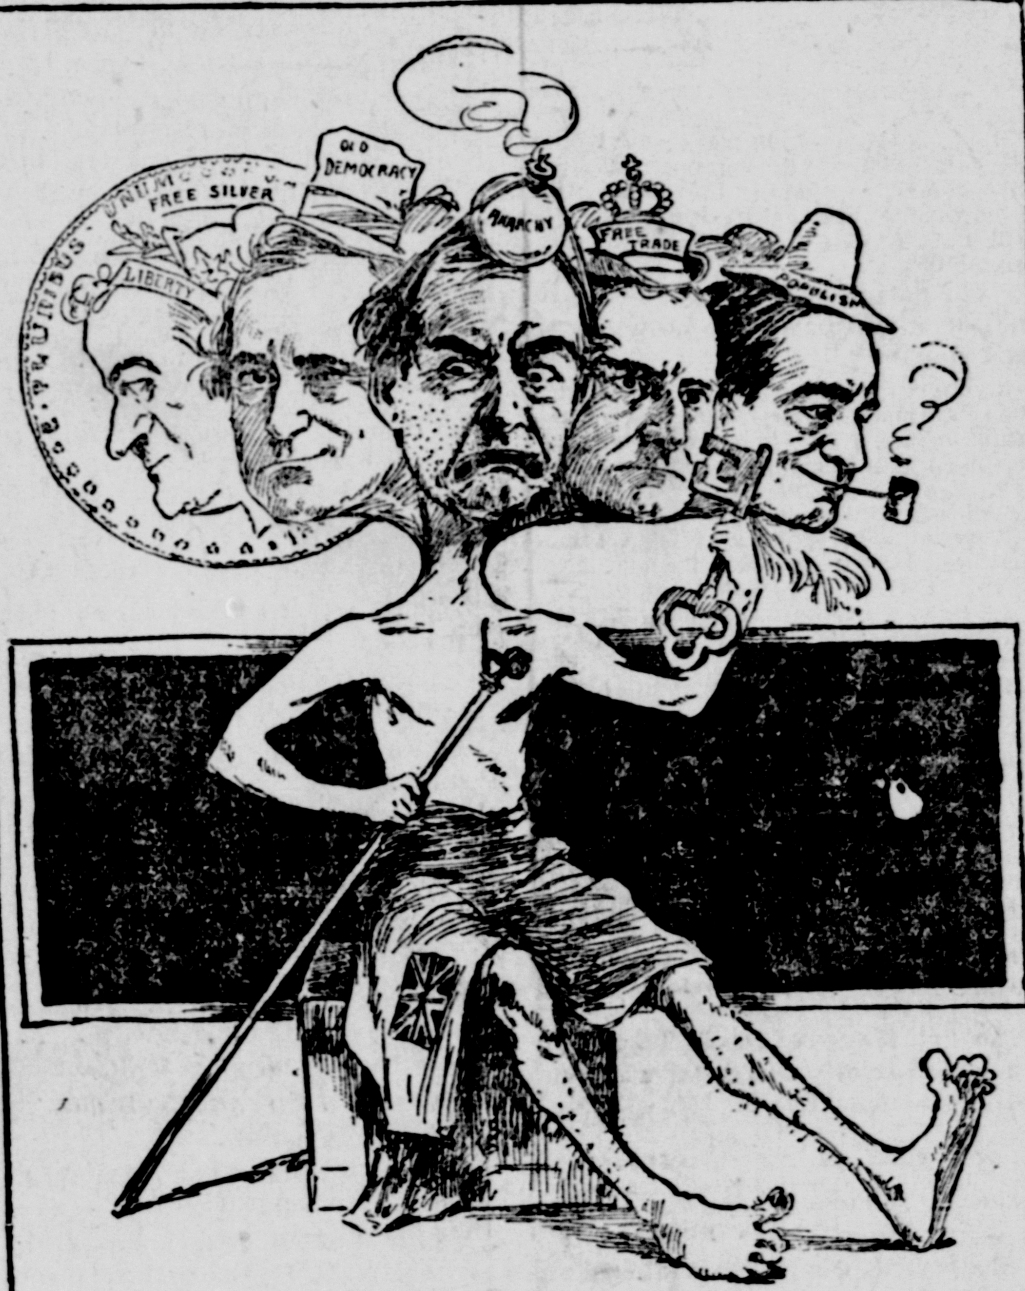

Prof. Blaisdell's Funeral. Beloit, Oct. 13.—Prof. Blaisdell's funeral was held at the First Congregational church this afternoon. Many friends from away have telegraphed messages of condolence to the family and college from persons prominent in educational and religious work. The remains were on view in the college chapel this forenoon.

which for years have been out of reach of the highest tides, were flooded. Along the Jersey coast most of the damage done was to piers and to breakwaters.

Atlantic City, N. J., Oct. 13.—The storm continues with no signs of abating. Reports coming in from outlying districts show that much damage has been done along the coast by the high tides. The Reading and Pennsylvania railroad companies have posted notices that trains cannot be run in or out of the city.

About 6 o'clock the Brigantine steamboat wharf, 300 feet in length, was washed away, and a frame building adjoining the ill-fated Casino, where the Elk disaster happened two years ago, was torn down by the waves.

The scenes in Egg Harbor City, N. J., were distressing. The wind blew a hurricane all day and all night, and all day again. Many houses were unroofed, and many people were forced into the streets. The storm along the coast was very severe, but not as disastrous as on the ocean coast line.

Boston, Mass., Oct. 13.—The West India hurricane which has swept the New England coast for the last thirty-six hours with almost unparalleled severity, completely tying up shipping, is subsiding, and the worst has probably been experienced, while for the first time during the blow rain is falling. Not a vessel of any description has left port since late Saturday afternoon. Every point along the coast from Newport to Eastport reports practically the same condition, and there is an entire absence of any kind of shipping outside the harbors.

## Arbitration to Be Settled.

London, Oct. 13.—It is learned that the conference held on Saturday between the marquis of Salisbury, the secretary of state for the colonies, Mr. Joseph Chamberlain, and the British ambassador at Washington, Sir Julian Pauncefote, was most satisfactory, and it is believed in the highest quarters that at least the general principle of arbitration and the settlement of the Venezuelan question will be decided upon with the United States before the end of the month. Sir Julian Pauncefote sails for New York on Wednesday with final instructions on the subject.

## Upholds Silver Democrats.

New York, Oct. 13.—In the supreme court of Kings county Monday Judge Clement decided in favor of the democratic county committee's protest against the use upon the official ballot of the designation "National Democratic" by the gold standard democrats and Shepard faction of that party. The matter will at once be taken before the appellate division for further argument.

just here, the latter charged with an attempt to murder Lester Dyke, the 12-year-old son of a neighbor, and the former with being an accessory to the crime. The trouble arose over a kitten belonging to the Meyers family.

The boys quarreled over the possession of the kitten, and Mrs. Meyers, it is said, incensed by seeing her hopeful get the worst of the scuffle, told him to get a knife and stab his adversary. He obeyed what is alleged to have been her command by stabbing young Dyke over the heart. The boy cannot live.

The body will declare itself strongly along the line of reciprocity, prohibition of Canadian cattle, exportation through the United States and retaliation against all foreign governments seeking to discriminate against the meat product of the United States.

## Federal Supreme Court in Session.

Washington, Oct. 13.—The United States supreme court convened Monday for the October term, remaining in session only three minutes. This time sufficed for the admission of four attorneys to the bar and for an announcement by the chief justice that the hearing of all motions would be postponed until to-day, in order to permit the court to call upon the president in a body, in accordance with immemorial usage. No decisions will be rendered this week.

## Ramsay's Creditors Appeal.

Carlyle, Ill., Oct. 13.—Several weeks ago the widow of the late state treasurer, Rufus N. Ramsay, filed claims in the probate court here against her late husband's estate aggregating \$59,000. Of these claims two, amounting to \$24,000, were allowed. The local creditors of the defunct bank have taken an appeal to the circuit court for the purpose of testing the validity of the claims. A spirited legal contest will ensue.

## Seismic Upheaval in Scotland.

Dumbarton, Scotland, Oct. 13.—A serious subterranean disturbance, very much like an earthquake on a small scale, occurred here Monday night at 10:30. The liner Circassian, which was lying off a quay being repaired, was suddenly shaken and violently moved thirty feet by a commotion under her stern. The bank was heaved up for a distance of 100 feet and the shipyard was considerably damaged.

## Eastern Star at Peoria.

Peoria, Ill., Oct. 13.—The grand chapter of the Order of the Eastern Star of Illinois meets here to-day, and 1,000 delegates from the Masonic auxiliaries of the state are present.

Several bands and a colored glee club furnished music. Owing to rain the delegation was taken to the tabernacle, where Maj. McKinley responded to the introductory address of the venerable George V. Lawrence, ex-member of congress, and an octogenarian.

There are scheduled for to-day two delegations, Wednesday four, Thursday four, Friday three, Saturday fifteen. The generals' party is to be in this city Sunday. They will come from Sandusky, and be the guests at the McKinley residence until Monday morning, when they will be given a reception by the public at 7:30 o'clock.

## UNION GENERALS IN INDIANA.

Begin a Four Days' Tour of That State—Speak at South Bend.

South Bend, Ind., Oct. 13.—South Bend was in gala dress Monday in honor of the anticipated arrival of the party of union generals who started on a four days' speaking tour through Indiana. Excursion trains came from all directions, all the factories shut down, and early in the afternoon an imposing parade was formed, consisting of bands, a large number of uniformed marching clubs, many horsemen and about 270 veteran soldiers. The special train bearing the party was met at LaPorte by a reception committee of old soldiers, headed by Judge Anderson, and, although announced to appear here at 3 o'clock, it did not reach South Bend until 4:30 p. m.

It was nearly 5 o'clock when the veteran generals faced an enthusiastic crowd of several thousand persons standing before a great platform erected at the west steps of the court house. Judge Anderson introduced Gen. Alger, Col. Walker, Gen. Howard, Gen. Stewart and Corporal Tanner spoke in succession. All were loudly cheered. It was quite dark when Gen. Sickles closed the speech-making, and the veterans immediately took carriages for their special train, by which they went to Elkhart, and were followed later by a big excursion of South Bend republicans.

LaPorte, Ind., Oct. 13.—The special train bearing Gen. Alger and his party reached this city Monday afternoon at 2 o'clock. A long procession led the way to the Lake Shore park, where for an hour Gens. Sickles, Alger, Howard and Stewart and Corporal Tanner addressed several thousand enthusiastic republicans.

## Eckels Ready for Many Speeches.

Chicago, Oct. 13.—Comptroller of the Currency James H. Eckels telegraphed the national committee of the gold democracy yesterday that he will make his first speech of the campaign at Ottawa, his home city, next Friday night. On Saturday night he will speak in Peru. Next week, under the auspices of the state committee, he will speak in Danville, Champaign, Bloomington, Rockford, Evanston, Springfield, and perhaps Peoria and Jacksonville.

morning, priming himself for what he knew must be a great effort. Consequently he was in his best form. He stayed in his rooms at the Hotel Ryan until after luncheon, when he was persuaded to hold an informal reception in the parlors. With Mrs. Bryan by his side, the candidate stood in a doorway and smiled to the greetings of the hundreds of persons who filed past during the course of an hour.

Mr. Bryan having expressed a preference to make the journey between the twin cities by trolley rather than in a private car, a special car, elaborately decorated, was engaged to carry the party from hotel to hotel. Arrived here, a second reception was held in the West hotel, and then Mr. and Mrs. Bryan were driven to the home of State Senator S. E. Howard, where they took dinner. During their absence the Veterans' Bryan club of Minneapolis, 200 gray-bearded warriors, marched to the hotel and formed a circle in the spacious lobby. When he came they gave him a royal reception and escorted him to Exposition hall. It has a seating capacity of 8,300. Every seat was occupied and there was a standing army of very many more lined around the walls and choking the aisles. Outside the hall the crowd was so great that the services of a squad of policemen were required to force an entrance for Mr. Bryan when he arrived. The hall was profusely decorated and the demonstration was enthusiastic throughout. When the night's speech-making was ended, Mr. Bryan and his party retired to their private car, preferring to spend the night there rather than be disturbed in the morning by the departure for Duluth at an early hour. Congressman Towne, the leader of the silver movement in this state, joined the party here, and will accompany it throughout the state.

## Fusion Succeeds in Indiana.

Indianapolis, Ind., Oct. 13.—The electoral ticket of the populists was filed Monday with Gov. Matthews. It contains the names of ten of the regular democratic electors and five of the populist electors, and has been accepted by the democratic managers. Jason Brown, ex-member of congress and the democratic elector-at-large, was deposited to make way for the populist elector. In all calculations the republican managers have conceded that nine-tenths of the populists would vote with the democrats.

## Plans for Bryan's Trip.

Chicago, Oct. 13.—Yesterday Chief McConville of the democratic speakers' bureau made out the following schedule of Mr. Bryan's trip after Oct. 18: He will spend Sunday at Detroit. Oct. 19 and 20 he will be in Ohio; Oct. 21 and 22 in Indiana. Then he will come to Illinois and remain a week. Three days of this time will be spent in Chicago, and it is expected he will make at least five speeches a day. He will spend Sunday at Jacksonville.

democrats took no steps Sunday toward enforcing the use of the name of the national democratic ticket on the official ballot, and it is now highly probable that legal steps will not be taken. Some of the leaders say that it probably makes no difference what name the democratic electors appear under, so that they are sufficiently distinguished from the other tickets, and it is questionable if the change of name does not make votes for the new party.

## Redmond on Home Rule.

## HOT FIRE RAGED IN SECOND WARD

Four Frame Buildings Were All  
Ablaze at Once.

LOSS, HOWEVER, WILL AG-  
GREGATE BUT \$1,200.

Excellent Work Done by the Fire De-  
partment—Miss Belle Stoddard  
Rescues Horses When Men Feared  
to Enter the Building—Incendiary-  
ism is Believed To Be Responsible  
Alderman W. B. Stoddard and Ex-  
Mayor Thoroughgood the Losers.

An extensive fire raged in the Sec-  
ond ward last night, destroying:

WAREHOUSE, owned by Alderman W. B. Stoddard, and used for the storage of rags, paper, and old rubbers.  
BARN, owned by Alderman W. B. Stoddard, in which the horses, grain, etc., were kept.  
SHED, owned by Alderman W. B. Stoddard, used for the storage of the rag wagons, etc.  
BARN, owned by ex-Mayor Thoroughgood, damaged by the flames.

Alderman Stoddard's loss is \$1,000, and his insurance amounted to \$700, in Hayner & Beers' agency.

Ex-Mayor Thoroughgood's loss is \$200 and the insurance \$150 in Carter & Haselton's agency.

The fire was evidently of incendiary origin.

Mrs. Jennie Hamilton, who resides at 203 North Bluff street, in one of Alderman Stoddard's houses, first saw the fire. She hastened to the Stoddard home and informed the family. Miss Belle Stoddard at once telephoned the alarm to the East side station, and box 28 was pulled.

Miss Stoddard's Coolness.

While the department was speeding toward the scene, Miss Stoddard was at work. Her presence of mind did not desert her when she saw the flames leaping skyward. She knew there were horses in the barn, and unless they were rescued at once, they would burn in their stalls. Rushing out to the barn, she saw three men standing near the flaming structure.

"Help me get out the horses," she called.

None of the men moved a muscle. Miss Stoddard then demonstrated that she was not only cool headed, but brave as well. Although the men did not dare enter the barn, she quickly opened the door, and rushed in. By the time she had gotten the first horse out, others had arrived, and soon all the animals were out of the building. Richard Griffiths, Jr., was leading a team out when an empty gasoline can exploded. The horses jumped, and squeezed Griffiths against the side of the barn, bruising him quite painfully, but he pluckily held onto the horses, and got them into the open air.

Buildings All Aflame.

When the department arrived they found all the three buildings afire, and burning rapidly. The fire had started in the wagon shed communicating with the barn on one side and the warehouse on the other. The flames were leaping high when the first piece of apparatus arrived, and the firemen lost no time in getting to work. Lines of hose were laid from all the fire plugs and the blaze was attacked from all sides. The water service was excellent and soon a flood was being poured into the burning buildings. The flames were powerful, ripping off shingles, and causing the flaming walls to sway under their force. The pipemen did not fear the smoke and heat, but quickly forced their way into the buildings and to other points of vantage. The work done was effective in an incredibly short time; and the smoke soon began to turn black under the streams. Neighboring roofs were protected by occasional "awishes" from the hose, and by bucket brigades.

Hard Blaze to Fight.

So quickly, comparatively, did Chief Spencer and his men get control of the blaze that people scarcely realized what a bad fire it was. All the buildings were of wood, as were the neighboring structures. In the horse barn were two hundred bushels of oats, two new robes and a quantity of hay and straw, sufficient for all winter, which were destroyed but a Jersey cow, four horses, surney, sleigh, democrat wagon and harnesses were saved.

In the shed were eight rag wagons, all of which burned.

In the warehouse was stored a carload of old paper in bales and a year's accumulation of old rubber.

All the contents as well as the buildings, were very inflammable, as will be readily seen, and to the good judgment of the firemen, the excel-

lent water service and the lack of wind, can be attributed the fact that the fire was confined to the buildings mentioned. It was a very hard blaze to fight, and "the fire out" signal was not sounded until near midnight.

Gossip About The Blaze.

"This is the best fire department I ever saw," said a man who was watching the blaze. "I was in front of the engine house when the alarm came in; saw the fire; ran up here as fast as I could travel; and when I arrived they had water on the flames. It beat anything I ever heard of."

J. C. McGINLEY, of Hose Company Number 1, has been nursing a crushed finger for several days, that had just begun to heal nicely. Last night he caught it in a snap while hitching up, and tore it open again.

J. G. DeLONG grabbed a small sized bicycle from a boy, in front of the opera house, rode up to the fire and then came back and notified Mr. Stoddard.

Mrs. STODDARD and her daughters served coffee and sandwiches to the firemen all the evening and their thoughtfulness was fully appreciated.

The explosion of the empty gasoline can made a noise that was heard down town. The vapor seems to be as powerful as the "file" itself.

EX-MAYOR THOROUGHGOOD's barn was located in the rear of the Stoddard premises.

ALDERMAN STODDARD was at the opera house when the blaze was discovered.

MISS BELLE STODDARD's bravery was recognized on all sides.

MR. STODDARD had just shipped one car of rags.

THE Standard Oil Company's wagon was saved.

THE blaze drew out a big crowd.

KEPT THE WEDDING QUIET

Maude C. Ward, of This City, Married at Milwaukee.

Janesville friends of Miss Maude C. Ward read the following in the Milwaukee Evening Wisconsin with interest:

"A quiet little wedding ceremony was performed by Rev. Corydon Millard at his office in Lincoln hall on the 7th of September last. The contracting parties were Miss Maude C. Ward, of Janesville, daughter of the late DeWitt Clinton Ward, a noted millwright and contracting engineer, and George E. Davis, of New York, well known in mechanical and electrical circles. Mr. Davis is at present the vice president of the American Electric Manufacturing company of Benton Harbor, Mich. The reason that the marriage was kept from the public so long, was that Mrs. Davis, who is a normal school graduate and a teacher in one of the Milwaukee schools, wished to teach long enough to obtain the counter signature of the state superintendent on her normal school diploma, and was afraid that if the fact of her marriage were made known it would debar her from teaching the required length of time. However, finding it would make no difference, as she has only a few more weeks to teach to accomplish the desired end it is the wish of Mr. and Mrs. Davis to now make their marriage known."

## CHANGE IN METHOD IN COUNTY SCHOOLS

PLAN DIFFERS GREATLY FROM  
OLD IDEAS.

Institute to be Held in Beloit Friday  
and Saturday Shows the Develop-  
ment and Advancement—Free Side  
Show at Orfordville—Other News  
Of Old Rock.

Rock county schools are not the schools of twenty years ago nor of ten years ago. There have been great changes in methods. An idea of this is given by the teachers' institute programmes.

For example—

Here are the headings under which the study of reading will be taken up by Rock county school ma'ams Friday and Saturday of this week:

READING—Led by Professor W. H. Cheever. Emphasis and Force in Reading. 1. Distinguish between accent and emphasis; between oddness and force; between emphasis and force. 2. Rules for "Understand and feel what you read." 3. How expressed by tone, pitch of voice, increasing or decreasing the time or quality, varying the quality, making a distinct pause before or after. Be able to illustrate. 4. Can only result from: acute judgment; cultivated taste; deep feeling; constant and persevering practice.

How may these requisites be cultivated in the teacher?

How may the sense be made clear? How far shall the intelligent interpretation of a passage by a child be accepted by his teacher? When his interpretation differs from that of the teacher. Illustrate reading from "The Vision of Sir Launfal."

The fitting of methods to individual children will be discussed under these headings:

1. Importance of a study of the feelings, they being the motives which cause and control human conduct, giving to it moral character and making it praiseworthy or blameworthy. 2. The duty of the teacher to create right emotions, affections and desires. 3. States of the body as related to mental feelings. Organic and vital feelings. Relation of these to the discipline of the school. 4. Buoyancy of spirits exhibited by children. Law of pleasurable activity. Danger of repression. 5. Sadness, irritability, fretfulness, ill-temper. How can the teacher justly deal with these? 6. How may the teacher make use of the child's filial and fraternal love as a strong motive. 7. Gratitude. When developed in children. FREE SILVER SPEECH AT ORFORD

Speaker Contradicted Himself, and Amused Hearers Immensely.

Orfordville, Oct. 12.—They had a free silver speech at Orfordville on Saturday night. A good sized audience was in attendance at the start, not nearly so many at the conclusion. O. O. Knudson, the fusion candidate for congress in the Ninth Illinois district was the speaker. Mr. Knudson is a law-farmer or a farm-lawyer residing at Davis. Mr. Knudson on a former visit to our village, some time ago, was engaged in selling mining stock. Saturday evening he was engaged in advocating the free and unlimited coinage of silver at 16 to 1, and the election of W. J. Bryan. Whether or not the two engagements have any relation to each other the deponent saith not. Seven persons sat upon the platform: Democrats; Bryan democrats; "common people," democrats. These led the applause with a few scattering ones through the audience and in the chorus. The speakers stated that he was a Norwegian and for this reason felt a very tender regard for his audience, many of whom he recognized as of that nationality. He had supposed a few years ago when he had fallen heir to a portion of his father's estate, a farm of two hundred acres in northern Illinois that he was wealthy, but the "crime of '73" had so reduced values that he was poor. Here the audience applauded.

He insisted at the start that the free coinage dollar would be equal to the gold and then almost in the next sentence told how gold has gone up, up, up, and later on declared that the people of a free silver country could sell their produce to England or any gold country, get their pay in gold and upon returning home could make 100 per cent on their money.

He said the republican claimed that the gold would immediately leave the country in the event of free silver; this he denied and added "But what if it does."

He said the free silver countries

—China and Japan—would be glad to take our produce in exchange for silks, tea, coffee, spices, etc. and this was all we were obliged to purchase abroad. By way of illustration he took the Henney buggy works of Freeport, near his home, saying that they could find ready market for their output in Japan, in exchange for Japanese produce. This idea was entirely new to many of his audience who were amused at the thought of an American buggy being put to general use in Japan. He landed the growth and prosperity of China, Mexico and Japan and declared that if America insisted upon retaining the gold standard there would be a fight for supremacy between the "white man with the yellow metal and the yellow man with the white metal."

Here the seven men on the platform applauded lustily and the lesser lights in the audience rendered the effect more dramatic by their hearty assistance. He closed with a glowing eulogium to Mr. Bryan urging his hearers to vote for him because he was a "magnificent orator and a splendid man."

## THE SILVERITES ARE SCARED

They Fear the Effects of General Bragg's Speech.

Local silver men are greatly exercised over the fact that Gen. Bragg, probably the best known democrat in Wisconsin, is to speak at Myers Grand Opera House tomorrow night against free coinage of silver and in favor of the existing gold standard. They know that General Bragg's advice has always been good, and that democrats have always acted wisely when they took it. Consequently they figure that the speech tomorrow night will change many democratic voters and they are sore distressed. To counteract the effect of Gen. Bragg's speech, they have secured T. C. Richmond, of Madison, to speak for silver on Saturday night. That Mr. Richmond cannot "hold up his end" against the General goes without saying. The following dispatch from Deerfield, Wis., shows how Mr. Richmond fared, when one of his hearers "went after him."

What "Demonitization" Did.

Deerfield, Wis., Oct. 6.—T. C. Richmond, of Madison, spoke to a good-sized audience here last night in favor of the free coinage of silver at the ratio of 16 to 1. He maintained that the demonitization of silver in '73 was the cause of the lowering of prices of farm products, that prices of commodities have not gone down, but money has gone up. He wanted a dollar that will represent as many bushels of oats when a debt becomes due as when it was contracted. He said the price of silver bullion has gone down because it was demonitized and that if gold was demonitized by the world it would not be worth half its present value.

Made Him Hedge.

"Upon being asked what effect it would have on the price of gold if the United States alone should demonitize gold, he answered that he did not know, that he thought it would reduce its value somewhat. He was then asked what effect it would have on the bullion price of silver if the United States alone demonitized it; how much, if any, it would advance, and if it would advance sufficiently to make gold at the ratio of 16 to 1. He answered that he did not know what the advance would be and that it is a problem whether it will advance sufficiently to meet gold at the present ratio, but that we should try it and if the ratio is found to be incorrect it can be changed.

"He was then asked if he was correctly understood to maintain that the per capita circulation in the country regulates the prices of commodities in that country. To this he answered unqualifiedly, yes. Then he was asked if the price of commodities varies between different countries according as the per capita circulation varies between them. He now saw where he was being led, and began to hedge, saying, 'not necessarily.'

Got Tangled Up Again.

"His attention was then called to the neighboring countries of France, with a per capita circulation of \$35, and Switzerland, with a circulation of about \$10 per capita, or if he would consider only gold money to France with \$22 per capita and Greece only 22 cents and asked if prices are a hundred times higher in France than in Greece. To this he answered that if the figures were correct it would seem so, but he soon saw the folly of this conclusion and tried to evade it by saying that a country like France, whose commerce is very large, needs more money.

"Today, there was great interest on the streets, the sound money people feeling pleased over the failure of the speaker and the silverites trying to patch up the defeated arguments of their advocate. Later it was given out by the silverites that another speaker will be secured at once to repair the damage done to their cause."

Many public speakers, clergymen, singers and others, who use the voice excessively, rely upon One Minute Cough Cure to prevent huskiness and laryngitis. Its value as a preventive is only equalled by its power to afford instantaneous relief. C. D. Stevens.

Oil Discovered in Osage Country.

Perry, O. T., Oct. 13.—Great excitement exists in the eastern part of this county and in Payne and Pawnee counties in the Osage Indian nation over the discovery of oil in great quantities. It has leaked out that the Standard Oil company has secured leases on thousands of acres and twenty other companies have purchased leases consisting of many thousands of acres. At Cleveland a wonderfully rich flow of oil was found by a farmer who was boring a well.

Veteran Slain with a Hatchet.

Leavenworth, Kas., Oct. 13.—Alfred Cummings, a decrepit veteran of the Mexican war, was murdered at his home near Leavenworth city limits some time last night. Cummings was miserably, had considerable pension money and lived alone in a one-room house. Everything indicates that while he was eating supper some person slipped up behind him and dealt him a blow on the head with a hatchet. The blade was sunk into the brain.

They are so little you hardly know you are taking them. They cause no griping, yet they act quickly and most thoroughly. Such are the famous little pills known as DeWitt's Little Early Risers. Small in size, great in results. C. D. Stevens.

1898—The Vigilant won the third race against the Valkyrie by 40 seconds, deciding the contest for the America's cup. The cup was first won by the yacht America in a race against 4 schooners and 9 cutters on a 60 mile course around the Isle of Wight, Aug. 22, 1851. Since that event the trophy has been called the America's cup. Races have been sailed for it nine times, as follows: 1870, 1871, 1876, 1881, 1885, 1886, 1887, 1893, 1895.

1895—General William J. Landrum, veteran of the Mexican and civil wars, died at Lancaster, Ky.; born 1828. F. L. Pope, noted electrical engineer, killed by a shock in his cellar at Great Barrington, Mass.

## THE BRYAN CROWDS.

The big crowds drawn by Mr. Bryan worried a few timid souls for a time. In the south, however, the likeness between this campaign and others that went before it has been too strong to be reassuring. The Montgomery (Ala.) Advertiser remarks:

"In 1860 Stephen A. Douglas spoke from the Capital steps in this city. Every foot of space to the gate in front and to the fences on either side was occupied. There must have been over 10,000 people present. At night when Mr. Douglas was on the boat enroute to Mobile, the crowd that called on him was so great that the floor of the cabin saloon gave way and a number of people received injuries. Mrs. Douglas among the number. When election day rolled around, in a few weeks, Mr. Douglas received 133 votes in the Montgomery county, and only 13,000 in the whole state."

The great elocutionist who tells democrats that if they bolt this year they can come back "only in sackcloth and ashes" has yet to explain his vote for Weaver in 1892. The St. Louis Globe democrat, which calls attention to this fact, says: "The only reason why Mr. Bryan's gall must be compared to that of the elephant is because the mastodon is extinct."

"The fall of silver means the fall of farm products," has been abandoned by Mr. Bryan. He had to do it. Wheat and cotton kept going up while silver was going down, and the contradiction was too obvious to be overlooked.

Mr. Bryan's effort to become his own burghard has succeeded.

## Cruiser Talbot Is Safe.

Halifax, N. S., Oct. 13.—The British cruiser Talbot, reported having foundered at sea with all hands, arrived here at 4 o'clock Monday evening from Portsmouth, all well. Her commander was greatly surprised when he heard of the rumor. She had a fair passage, strong head gales prevailing most of the time.

## Sends Regrets to Chicago.

Indianapolis, Ind., Oct. 13.—E. A. Bigelow of the Marquette club, Chicago, was here Monday to invite General Harrison to speak in Chicago. He was told by General Harrison that it was impossible to go outside of the state and he could not therefore accept the invitation.

## BRYAN MAY SPEAK IN JANESVILLE

CANDIDATE TO GO THROUGH THIS TOWN.

Jump From Chicago to Madison on Oct. 27, 28 or 29 So He Will Probably Travel Via the Bower City and We'll Catch Him Both Ways.

Do you want to see W. J. Bryan and hear his voice?

If you do, just stay at the Chicago & Northwestern depot all day on October 27, 28, and 29.

On one of these days the "boy orator" will go through Janesville, and as he never misses a chance to talk, he'll probably shout something from the rear platform of the special palace coach in which he rides while denouncing the "plutocrats."

Mr. Bryan's itinerary in Ohio, Indiana and Illinois is as yet in an embryonic state. One of the places at which he is to speak having yet been decided upon. The dates, however, have been fixed as follows: After spending Sunday, Oct. 18 at Detroit, Mr. Bryan goes into Ohio, in which state he will speak on October 19 and 20, and then into Indiana for the 21st and 22nd. The candidate then enters Illinois for six days, three of which will be spent in Chicago. It is expected that Mr. Bryan will speak no less than seven times in various parts of the city in the three days spent there which will probably be October 27, 28 and 29.

Madison will also be visited on one of these dates for an afternoon speech, Mr. Bryan returning in time to appear in Chicago in the evening. In going from Chicago to Madison, Mr. Bryan will probably have to go through Janesville. Therefore we'll "catch him both a comin and gwine."

As Janesville people all turn out to see Barnum's circus unloaded from a train, in all probability Janesville people will turn out to see Bryan—and then nine-tenths of them will vote for McKinley.

## Palmer and Buckner at Detroit.

Detroit, Mich., Oct. 13.—The two candidates of the gold democratic party appeared Monday afternoon before an audience which entirely filled the Auditorium. When they entered the hall, escorted by several prominent democrats, the audience rose and cheered. Don M. Dickinson presented Postmaster John J. Enright as chairman of the meeting. Mr. Enright presented General Palmer, who was enthusiastically received.

## Illinois Gold-Standard Ticket.

Springfield, Ill., Oct. 13.—The gold-standard democratic electoral and state ticket will go on the official ballot shorn of the original title. The matter was settled out of court, and the condition of settlement was that the ticket should be designated upon the ballot as the "Independent Gold-Standard Democracy."

## TWO HOUSES RAIDED BY NIGHT PROWLERS

ROBBERS WERE QUITE BUSY  
LAST NIGHT.

Residence of E. C. Johnson Visited,  
But Nothing of Value is Missing—  
Job Done While the Stoddard Fire  
Was in Progress—Careless Thief  
at W. H. Palmer's.

Burglars raided two Janesville  
houses last night, but got very little  
booty.

When Mrs. E. C. Johnson, her son  
Len, and daughter, Miss Edna re-  
turned home after the fire at W. B.  
Stoddard's they found that visitors  
had been there in their absence. Len  
Johnson discovered the fact when he  
went upstairs and found the trunk  
lying in the middle of the  
floor. All the drawers in dressers  
and closets had been ransacked and  
the contents tumbled about. Search  
was at once made, but nothing of  
value was found to be missing. A  
few neckties taken from the trunk  
seemed to be the amount of the booty  
secured. Mrs. Johnson's seal skin  
cloak, the family silverware and a  
diamond stud had all been overlooked,  
which indicates that the thieves were  
scared away before completing the  
hunt. They effected an entrance by  
forcing a window and breaking the  
sash lock.

Palmer Robber Was Careless.

A burglar dropped a match in a  
dresser drawer at Dr. W. H. Palmer's  
residence last night, and then, becom-  
ing frightened, pushed the drawer  
shut and fled. Dr. Palmer discovered  
that the house had been entered  
about 11 o'clock and came down town  
for the police. Chief Acheson and  
Officer John Brown returned with him.  
They found that a window had been  
pried open and the folding doors in  
the parlor had been forced with an  
axe, the axe being left in the room.  
The thief had evidently been in the  
act of searching the drawers when  
the servant girl came home, and  
dropped the match in among the  
towels, etc. A search for the fire  
after the smoke was smelled, was  
fruitless, but Chief Acheson located it  
at once when he reached the scene.

HER PAINTINGS WELL LIKED

Mrs. Stetson Much Pleased Over the Work  
She Did in Europe.

Mrs. Ella G. Stetson, who has been  
resting in this city since her return  
from Europe will leave for Chicago  
Saturday to resume work in her  
studio. She enjoyed exceptional fac-  
ilities while in Europe. "A letter  
from the state department gained me  
much social attention," she said  
to a Gazette reporter in response to  
questions, "while the kindness of  
French and Italian artists gave me  
opportunities for study, under the  
best conditions."

Several of Mrs. Stetson's pictures  
were shown in Paris and won favor-  
able mention. "I was urged to ex-  
hibit my largest—a group of lions—in  
the Salon de Champs Elysees," said  
she, "but the date of my return to  
America made this impossible."

NEW GYMNASIUM A FINE ONE

Addition to the School For the Blind  
Taking Form.

Work on the addition to the school  
for the blind is progressing steadily  
and the wing will be ready to open  
by Nov. 1. The gymnasium will be  
one of the finest rooms in the city—  
45 by 90 feet without an obstruction  
and with a stage 29 by 60 feet.

During the summer the buildings  
have been thoroughly refitted for the  
new electric light plant. There are  
560 lamps in operation including  
those in the cupola and at the gates.  
"It seems a little contradictory to  
spend money on electric light for the  
blind and telephones for the deaf, but  
we had to come to it at Janesville  
and Delavan," said J. E. Heg, of the  
State Board.

THE REVIVAL SERVICES BEGIN.

School Rooms Last Night.

Revival services under the direction  
of Miss M. E. Stroud-Smith were in-

a good sized audience was present.  
The services will continue through the  
week. Afternoon services will be held  
at 3 o'clock every afternoon this week,  
excepting Saturday. The evening ser-  
vice will consist of a prayer service at  
7 o'clock, a song service at 7:30 and  
the preaching service which will fol-  
low the song service.

TWO BERRY CROPS IN A YEAR

William Bishop believes that this

A year ago the bushes also bore two  
crops, although but few of the fall  
crop ripened.

Why is this?

DEATH ENDS EARTHLY WOES

John Siegel.

The funeral of John Siegel was  
held in the Afton church, Sunday, Rev.  
C. J. Koerner officiating. It was very  
largely attended. The pall bearers  
were Albert Stark, William Brinkman,  
Casper Utling, John Bohn, Theodore  
House and Ole Lunn.

Her Great Sacrifice.

"Papa!"  
The ennobling impress of high re-  
solve was visible upon the young girl's  
brow.

"Papa, to help you pay your mort-  
gage I have decided to make the most  
complete sacrifice a devoted daughter  
can make."

"My child," replied the distracted  
parent, "surely you do not mean that—"  
"Yes, papa, I will."

A look of intense determination ap-  
peared on her face, and her counte-  
nance lighted up with filial affection, as  
she added:

"Yes, papa, I will sell my bicycle."

both right. It's about a hundred of

## FRANK M'KEE JAILED FOR ALLEGED CRIME

CHARGED WITH BURGLARY  
LARCENY.

Robert Carruthers Charges Him With  
Entering a Boarding House and  
Stealing the Complainant's Over-  
coat Some Days Ago—Mulcairns  
Case is Adjourned.

Frank McKee must make a lucid  
explanation before he can leave Sheriff  
Appleby's health resort. McKee is  
now in jail, having been arrested on a  
warrant issued to Officer Hogan. The  
warrant was issued on a complaint  
signed by Robert Carruthers, a locomotive  
fireman, who charges that on  
October 6, McKee did, in the night  
time, unlawfully and burglariously  
break into and enter the home of Mrs.  
S. E. Weaver, No. 6 South Franklin  
street, and commit larceny by stealing  
an overcoat belonging to Carruthers,  
valued at \$20.

Carruthers boards at Mrs. Weaver's.  
The coat was recovered, and is now in  
the keeping of Municipal Court Clerk  
W. F. Williams.

The case of the State against Michael  
Mulcairns was called in the municipal  
court this morning, but on motion of  
the district attorney it was adjourned  
until October 15, when Mulcairns will  
be examined. In the meantime District  
Attorney Jackson will go to Waupun  
and have a talk with Ole Olson, who is  
Mulcairns' alleged partner, and see  
what Olson will swear to.

PLAY OLD STYLE FOOT BALL

High School Boys Revert to the Game  
Where Kicking Counts

A revival of old fashioned foot ball,  
where they kick the ball instead of  
jumping on the player, is promised.  
The university game, with its flying  
wedges, scrimmages and battering of  
one line against another has grown  
monotonous. The high school boys  
are organizing two eleven to play the  
other game—all tackling barred, no  
running with the ball. Forty players  
took part in the first practice game at  
Athletic park yesterday afternoon and  
there was another hour of practice to-  
day. Tomorrow an exhibition game  
will be played, an admission fee of ten  
cents being charged.

After examining samples of the leading

conclusion that the Royal is superior in purity,

## THE HONEST SHAKERS AND THEIR CURE FOR DYSPESPIA.

The shopkeeper who cheats us by lying with regard to the quality of his goods, and the grocer or the butcher who gives us short weights, is a thief. However, their knavery touches nothing but our pocketbook. There is another widespread form of misrepresentation of a far more dangerous and villainous character.

We refer to the false statements and worthless guarantees that frequently accompany medicines. To guarantee a medicine to cure is to brand it as a quack product. If we can guarantee to cure disease, then we can guarantee everlasting life, for in a large majority of cases people die of disease, the proportion of violent or accidental deaths being very small.

The Shakers have always been known as a most upright and honorable people, and their success in the manufacture of medicines has also been well known. It is therefore not surprising to find them pursuing a very original and novel plan for the introduction of their remedy for dyspepsia.

These God-fearing people, whose motto has always been "Try all things and hold fast that which is good," have put upon the market ten cent sample bottles of their product, or sufficient to give it a trial.

The Shaker Digestive Cordial is so prompt in its action that for the trivial sum of ten cents, a person can usually determine as to whether or not it meets the requirements of his case. There are forms of dyspepsia which it won't help, but these are very rare. In most cases the first dose relieves all distress, and an increase of appetite at once follows.

All druggists have it, and the next time you are troubled with indigestion send out and try this popular and successful product. It represents nearly a hundred years of patient investigation and study.

## ONE MINUTE COUGH CURE

cures quickly. That is what it was made for. Prompt, safe, sure, quick relief, quick cure. Pleasant to take. Children like it and adults like it. Mothers buy it for their children.

Prepared by E. C. DeWitt & Co., makers of DeWitt's Little Early Risers, the famous little pills.

## STATE OF WISCONSIN—COUNTY COURT FOR ROCK COUNTY—In Probate.

**FIRE IN GREAT BARRINGTON.**

Wind Blowing a Gale and the Destruction Is Great.

Pittsfield, Mass., Oct. 13.—Fire broke out Monday night in a tenement house near the New York, New Haven and Hartford railroad station in Great Barrington. In a few minutes it extended to the Kennedy hotel and livery stables and the Miller House stables near the center of the town. A large brick block on railroad street was soon in flames and at that time the entire town was threatened. This fear was realized half an hour later and at midnight the whole town seemed to be doomed.

The next building to go was the Hollenbeck block and then the Miller house was set on fire and soon destroyed. The wind was blowing a gale from the north and the flying embers and sparks set fire in all directions in the upper part of the town.

Aid from Housatonic, Stockbridge and Lee reached the city before midnight, and though the fire was still burning furiously it was under control. The loss cannot be estimated. It will be very heavy comparatively and most disastrous to the town, as the very best portion of the business section has been destroyed.

**Shot by an Enraged Husband.**

Washington, Oct. 13.—Gwynn R. Tompkins, a sporting writer and turfman who has gained some notoriety by the disappearance of his wife, a writer under the non de plume of Helen Dare, and her subsequent divorce, followed by her recent marriage to a California turfman named Norman Brough, was shot and painfully, though not seriously wounded in West Washington Monday afternoon by John Collins, a district government employe. It is said that a note from Tompkins asking Mrs. Collins to meet him fell into the hands of her husband, who met Tompkins at the appointed hour and used his revolver on him.

**Appealed for Broader Sphere.**

Terre Haute, Ind., Oct. 13.—At the meeting of the northwest synod of the Reformed church Monday a woman outside the denomination made an appeal for a broader sphere for women. The speaker was Miss Ellis of this city, a member of the Women's National Suffrage association. She did not advocate suffrage, but a greater opportunity for women in religious work. She reminded the synod that God recognized no distinction of sex. President Kuelling responded, saying the Reformed church sympathized with all who tried to work for the welfare of the individual and the nation.

**Miners Will Ask for Arbitration.**

Springfield, Ill., Oct. 13.—The state board of arbitration has received a request from the miners employed at the Gartside coal mines, Murphysboro, for blanks petitioning for arbitration between the employers and employees. The request states that the miners will ask for an increase of 12½ per cent on wages, and if not granted by the operators by Oct. 16 they will ask for arbitration.

**All Want the Free Delivery.**

Washington, Oct. 13.—Frank Jones, first assistant postmaster general, is having some difficulty in selecting an Illinois county in which to test the new rural free delivery service now being established in many states. There are several counties in Illinois in which the service might be fairly tested, but the rivalry is so great that the postoffice department has held back its decision for several weeks.

**Dissuaded.**

Husband—My dear, I want to ask you one favor before you go off on that long visit.

Wife—A thousand, my love. What is it?

"Don't try to put the house in order before you leave."

"It isn't hard work."

"Perhaps not; but think of the expense of telegraphing to you every time I want to find anything."—Pearson's Weekly.

**A Prismatic Preference.**

Let poster artists do their best. All vivid may their colors be; I find my joy as nature's guest—A rainbow's good enough for me. —Chicago Record.

**SPEEDING THE PARTING GUEST.**

She (handing him his hat)—Let me see you to the door?  
He—Don't trouble seein' me to the door.

"No trouble; quite a pleasure, I assure you."—Texas Sifter.

**Subject to Limitations.**

"Laugh and the world laughs with you" Will never stand the test Of him who never laughs unless Himself he springs the jest. —T. S. Varnum, in Chicago Journal.

**Christian Alliance Convention Ends.**

New York, Oct. 13.—The last meeting of the Christian Alliance convention was held Monday. It was a special meeting and developed into one of thanksgiving for the generous response to the appeal Sunday for missionary funds. It was stated at the meeting that the fund would probably reach \$125,000.

**Bishop Horstman May Be Named.**

Cleveland, Oct. 13.—It is generally believed among the leading Roman Catholic clergymen of this city that Bishop Horstmann of the Cleveland diocese will be tendered the appointment of rector of the Catholic university at Washington, made vacant by the resignation of Bishop Keane.

**Grand Trunk Employees May Strike.**

Toronto, Ont., Oct. 13.—There is considerable dissatisfaction among the employees of the Grand Trunk railway, which may terminate in a strike. The men complain that they are unjustly treated by the foremen and superintendents, and that their complaints are not listened to.

**Movements of the Czar.**

Darmstadt, Oct. 13.—The czar, the Grand Duke Sergius and the grand duke of Hesse breakfasted Monday with the officers of the Twenty-fourth dragoons, of which regiment his majesty was appointed honorary colonel on Saturday last.

The man with a weight on his leg can't hope to win in the race. A man with a weight on his health can't expect to compete in life and business with those who are not handicapped. If his brain is heavy, and his blood sluggish, because of constipation, he will not succeed in doing anything very well. Constipation is the cause of nine-tenths of all sickness. Symptoms of it are: sallowiness, listlessness, poor appetite, bad taste in the mouth, dizziness, biliousness, and lassitude. Constipation can be cured easily and certainly by the use of Dr. Pierce's Pleasant Pellets. They are not at all violent in their action, and yet they are more certain than many medicines which are so strong that they put the system all out of order. The great advantage of the "Pleasant Pellets" is that they cure permanently.
